INDOOR TREATMENTS

CRACKING INSECTS: Apply as a Crack & Crevice or spot treatment where pests are harboring, traveling, breeding or entering the structure. For example, openings around pipes and/or utilities, around electrical wires and conduits, under refrigerators, pantries, behind baseboards, washing machines, storage cabinets, sewers and drains. In commercial areas, apply as a Crack & Crevice or spot treatment in areas such as offices, restrooms, edito, cafeteria, and non-food areas of food handling establishments, including meat and poultry processing areas, non-food areas of restaurants, fast food areas, candy and confectionery areas, under baseboards, behind baseboards, under doors, and outdoors along foundations.

DO NOT use the product on or in areas from which food is to be prepared or served.

CRACK & CREEVICE TREATMENT: Use the supplied applicator to inject the product into cracks, crevices, and other small openings where pests may enter. Crack & Crevice treatment can be applied to holes, cracks, and other small openings where these pests may be harboring, traveling, breeding or entering the structure. For example, behind siding, wall voids, around windows and door frames. Reapply as necessary.

SPOT TREATMENT: Use with the supplied applicator and inject the product into areas such as offices, restrooms, and indoor non-food areas. Hold container upright when spraying. Direct nozzle approximately ¾" from surface to be treated. Apply directly onto pests in these locations when practical, reapply as necessary.

REDUCED OR INCREASED RATE TREATMENT: Reapply as needed to treat new nests as they appear.

PT Alpine® Pressured Insecticide

TO USE IN AND AROUND: Apartments, Campgrounds, Homes, Hotels, Motels, Food and Non-Food Areas of Food Handling Establishments, including Meat and Poultry Processing Plants, Restaurants, Supermarkets, Nursing Homes, Resorts, Schools, Transportation Equipment (Buses, Boats, Ships, Trains, Trucks, Planes), Utilities, Warehouses, and other Commercial and Industrial Buildings. Use in carry-on areas. DO NOT use in aircraft cabins.

ACTIVE INGREDIENT: Dinotefuran. 100.0 %

OTHER INGREDIENTS: 0.0 %

TOTAL: 100.0 %

EPA Reg. No. 499-531 EPA Est. No. 7669-M0-01

1 lb, 4 oz (20 oz)

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. DO NOT apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. DO NOT apply when weather conditions favor drift from treated areas. Drift and runoff from treated areas may be hazardous to aquatic organisms in water adjacent to treated areas. DO NOT dispose equipment washwaters or rinsate into a natural drain or water body.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. DO NOT puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. DO NOT spray directly onto any electronic equipment such as radios, televisions, computers, etc.

USE RESTRICTIONS

Kills pests on contact. Product must be directed at time of application to be effective.

DO NOT apply this product in hospital patient rooms or nursing home patient rooms while occupied by the patient.

DO NOT apply to classrooms when in use.

DO NOT apply to institutions harboring bed bugs, toilet seat lids, etc., in the immediate area, when occupants are present.

DO NOT apply in aircraft cabins.

USE WITH THE SUPPLIED ACTUATOR AND INJECTOR TUBES OR OTHER EPA APPROVED EQUIPMENT. Place injection tip into cracks, crevices, holes and other small openings where pests may be harboring, traveling and breeding. For light infestations, move injection tip along cracks while treating at the rate of 3 to 4 ml/sec. For heavy infestations, move injection tip along cracks while treating at the rate of 1 to 1.5 ml/sec.

However, several holes may be required in large running voids. Reapply as necessary.

Follow the Directions for Use. It is impossible to eliminate an insect infestation entirely associated with use of this product, and therefore all such risk shall be assumed by the Buyer. BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks, referred to in the product. TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, (A) BASF MAKES NO OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF FITNESS FOR PARTICULAR PURPOSE OR NON-INFRINGEMENT; (B) BUTER’S EXCLUSIVE REMEDY AND BASF’S AND SELLER’S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT, and (C) BASF and the SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, INCIDENTAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, and the Seller offers this product, and the Buyer accepts it, subject to these CONDITIONS of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
